Greece	COVID-19 tests are available at many major hospitals, national health centres, and private clinics. Rapid tests are also performed to anyone entering Greece from Italy (port of Patras and Igoumenitsa).	PCR test costs 40 euro, antigen test costs 10 euro	Testing is paid by the individual being tested	Yes	Not officially regulated.	
Hungary	Testing possibilities are by private companies. Only rapid tests are suitable.	Direct cost of tests range from 40-50 EUR. Indirect cost of testing: Test sites are off the truck roads, so drivers need to be taken there and back, and someone needs to make registration also, so this is extra cost in human resource.			If the driver gets tested positive, we need to organize the freight to be moved forward by swapping the trailer if it has been loaded. We need to arrange for disinfection of the cabin, and then get there a backup driver.	
Ireland			The testing stations are State funded so no cost other than the time and the diversion.		.
